MAY 15, 2025 @ 3pm

The City of Bruceville-Eddy Water Department is making notification to its water customers in Bruceville-Eddy effecting areas of Hungry Hill Rd, County Road 437 and Hwy 107

A Boil Water Notice has been put into place until further notification. Due to conditions which have occurred recently due to a leak on Hungry Hill Rd, Eddy on 05/13/2025 the Texas Commision on Environmental Quality has required the system to notify all customers on the area above to boil their water prior to consumption.

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking and ice making should be boiled and cooled prior to consumption. The water should be brought to a vigorous rolling boil and then boiled for two (2) minutes. In lieu of boiling, you may purchase bottled water or obtain water from another suitable source. When it is no longer necessary to boil the water, water officials will make notification.
