Residents of the Mon Valley –

Thank you again for expressing your interest in the Whole Home Repair Program! If you are receiving this message, please know that we still have your contact information and your description of the repairs needed at your home.

We're reaching out to you to share some important information about the program.

Action Housing has announced that the Whole Home Repair Program application will accepted electronically. The application will open on May 30th and remain open until June 30th.

At this time you have only sent in an interest form, not an application for the program. In order to submit an application, you'll need to do so **electronically** at this website:

<https://actionhousing.org/our-services/allegheeny-county-whole-home-repairs-program/>

There is very high demand for this program. The funding currently available will not be adequate to assist everyone who is qualified and submits an application. Action Housing will be working with experts to prioritize applicants based on the severity of need. You are encouraged to apply as early as possible once the application opens on May 30th.

Steel Rivers Council of Governments will be hosting Application Assistance Sessions for interested homeowners in the Mon Valley. If you need assistance with submitting an electronic application please attend one of the Application Assistance Sessions listed below.
