

PRESCRIPTION DRUG COLLECTION

APRIL 11, 2026

On April 11, 2026, from 10:00 a.m. to 2:00 p.m., residents are encouraged to bring expired prescription drugs and over-the-counter medications to the police department for disposal rather than discarding the materials in the trash or introducing the drugs into the sanitary sewer system. **A drop-off container has been placed in the lobby of the South Park Township Police Department.**

Residents can also drop off vitamins, gel caps, and similar items which do not have to be removed from the original packaging.

The program has expanded to include drop off of electronic vaping devices, provided any lithium ion batteries are removed.

No syringes of any type will be accepted. Needles ("sharps") can be disposed of in the trash; however, special precautions must be taken for safety reasons. Sharps are to be placed in a container such as a plastic milk jug or coffee can with a secure lid. The lid should be taped so that it remains in place.
