New Freedom Borough... a vibrant Borough nestled in Southern York County

Autumn's Vibrant Leaves

Curbside Collection Schedule

As the fall season paints our streets with a tapestry of colorful leaves, the Borough is pleased to announce our curbside leaf collection schedule. Starting on October 30, New Freedom Borough Public Works will collect leaves placed curbside every Monday (weather pending) throughout November, and the first Monday of December.

To ensure a seamless collection process and maintain our community's aesthetics, please follow these guidelines:

- 🍂 Create a leaf pile or row on the street, positioning it approximately one foot away from any existing curbing. This allows for both the safe passage of vehicles and proper stormwater drainage.
- 🍂 Place your leaf waste along the curbing by 7:00 AM on the designated Mondays. Leaf collection is scheduled once per week on every street. Please be aware that during peak leaf fall, there may be slight delays in the collection process. We appreciate your patience during busier times.
- 🍂 Avoid mixing or combining leaf waste with other debris, as this will prevent collection. Additionally, please refrain from placing tarps over leaf piles, as they hinder collection.

Please remember that we cannot collect leaf waste in plastic bags or any containers. Instead, kindly place the leaves loosely along the curbing.

For updates and any changes to the leaf waste collection schedule, keep an eye on our website and Savvy Citizen.

Let's make curbside fall leaf collection a breeze this season. Thank you for your cooperation, and let's keep our streets as beautiful as the season itself. Together, we'll ensure our community remains picturesque during the autumn months.

Borough's Annual Christmas Tree Collection

When Does It Happen?

Mark your calendars because the Christmas Tree Collection is scheduled for the second and third weeks of January. It's the perfect opportunity to give your Christmas tree a proper send-off and ensure it's responsibly taken care of.

Preparing Your Christmas Tree for Collection

To participate in the collection, there are a couple of essential things to keep in mind:

- 🎄 **Remove All Ornaments:** Before placing your tree curbside, please ensure it is entirely free of ornaments. This includes lights, tinsel, and any decorations. The trees are collected for recycling, so it's crucial to have them in their natural state.
- 🎄 **Bid Farewell with a Smile:** With the decorations removed, your Christmas tree is ready to be collected by our dedicated Public Works Staff. Please place it curbside, and our team will take care of the rest.

The Beauty of Responsible Tree Disposal

By participating in the New Freedom Borough Christmas Tree Collection, you contribute to a more sustainable and eco-friendly approach to tree disposal. The collected trees are recycled into valuable resources, making this not just a convenient service, but an environmentally responsible one.

Winter Reminder: Snow Removal Requirements and Safety

As winter approaches, it's essential for all of us to be well-prepared for the challenges that snow and ice can bring. To help maintain safety and ensure efficient snow removal, we'd like to share some important reminders and guidelines. By working together, we can make the winter season safer and more manageable for everyone.

Clearing Your Driveway

To assist our snow removal efforts, please clear the approaching side of your driveway. This simple step helps reduce the amount of snow that gets pushed back onto your driveway when plows pass by. It's a small action that can make a big difference!

Parking Off the Streets

Whenever possible, park your vehicles off the streets during snowfall. This not only helps our snowplow operators work more efficiently but also ensures the safety of your vehicles. Cleared streets are safer streets.

Snow Emergency Routes

In the event of heavy snowfall or severe winter weather, snow emergency routes may be activated. These routes are essential for emergency services, and parking is prohibited during snow emergencies. To facilitate the movement of traffic and to combat the hazards of snow and ice on those snow emergency routes, the Emergency Management Director or Borough Manager may declare a snow and ice emergency. Information on a snow emergency will be released on the Borough's website, Savvy Citizen, and WGAL.

Here are the designated Snow Emergency Routes in our community:

<u>Street</u>	<u>Between Intersections</u>
Campbell Road	East Main Street and Borough Line
High Street	South Front Street and Singer Road
Independence Drive	Pleasant Avenue and Washington Road
Leader Road	South Shaffer Drive and Borough Line
Main Street	Steltz Road and South Shaffer Drive
North Constitution Avenue	East Main Street and Borough Line
Pleasant Avenue	North Constitution Avenue and Second Street
Rutledge Road	Singer Road and South Shaffer Drive
Second Street	West Main Street and Borough Line
Singer Road	East Main Street and South Front Street
South Front Street	West Main Street and Borough Line
South Shaffer Drive	East Main Street and Griffin Court
Steltz Road	Borough Line and West Main Street
Washington Road	Independence Drive (both)

A smart way to shovel your drive

How to reduce the possibility of getting a huge pile of snow in your driveway opening when snowplows clear your street:

Thank You

We appreciate your cooperation as we work together to make winter safer for everyone in our community. By following these guidelines, you help ensure our streets are clear, safe, and accessible for all residents and emergency services. Together, we can make this winter season a safer and more enjoyable one. Thank you for being a part of our community and for helping us keep our streets clear and safe.
