

Sewer Operator job opening:

Washington Township is seeking to fill the position of Sewer Operator at the Wastewater Treatment Plant. The Operator must be able to perform a variety of skilled task and semi-skilled task, such as trouble shoot call outs, pump station maintenance, both lateral and main inspections, etc. Washington Township has two separate wastewater systems: 1) collection system, which includes 10 pump stations, the wastewater is processed by our neighboring municipality. 2) A small, very underutilized, activated sludge wastewater treatment plant. Operator will also work with members of Road and/or Parks Departments when necessary. Responsible for plowing snow within the facility and at pump stations.

Special Requirements:

- Possession of a valid Pennsylvania Driver's License.
- Prefer possession of a valid Class E, Subclass 4, Wastewater Operator Certificate from PA DEP, ability to obtain a Class D, subclass 1, certificate as soon as possible.

Salary position based on 44/hrs. per week depending on experience. Benefits package, after probationary period, includes comprehensive family health insurance, dental, vision, life insurance coverage, excellent vacation, sick, and holiday leave package, and a generous retirement. The employee must successfully pass a criminal background check, and drug test. Please submit resume to Norman Willow, Manager, Washington Township 11800 Edinboro Road, Edinboro, PA 16412. Email: Manager@washington-township.info

NO PHONE CALLS. Position will be filled via interviews.
