

Public Notice: Yankeetown Water Service Interruption and Boil Water Advisory

Important Information Regarding Water Main Break on HWY 40

Service Interruption Notice

Due to an unexpected water main break on HWY 40, residents and businesses in Yankeetown are currently experiencing an interruption in water service. Our dedicated crew is on site and working diligently to repair the break and restore water service as quickly and safely as possible.

Boil Water Advisory

Once repairs are completed and water service is restored, a boil water advisory will be in effect for all Yankeetown water customers. This advisory is issued out of an abundance of caution to ensure the safety and well-being of all residents.

- All water intended for drinking, cooking, food preparation, or brushing teeth should be brought to a rolling boil for at least one minute before use.
- Bathing, laundry, and other non-consumptive uses do not require boiled water.
- The advisory will remain in place until water quality testing confirms that the supply is safe for normal use. Further updates will be provided.

We Apologize for the Inconvenience

We sincerely apologize for any inconvenience this service interruption and advisory may cause. The safety of our community is our highest priority, and we thank you for your patience and understanding as we work to resolve the issue.
