Online Plans Display for Route 616 (Baltimore Street) Safety Improvement Project in York County

Harrisburg, PA – The Pennsylvania Department of Transportation (PennDOT) invites the public to an online plans display regarding the Route 616 (Baltimore Street) Safety Improvement Project in Glen Rock Borough, York County.

The proposed project consists of replacing the existing, failing stone masonry retaining wall. The wall was constructed in 1925 and parallels the South Branch of Codorus Creek. The wall must be inspected frequently due to deteriorating conditions. Parking along the structure is currently blocked due to the roadway settlement.

The project will include stormwater management, partial pavement reconstruction, mill and overlay roadways within the project limits, and new signing and pavement markings as needed.

Coordination with local officials is ongoing to ensure design is consistent with other local projects. Traffic will likely be detoured due to the limited space for access to perform construction and to expedite construction. Pedestrian access will be maintained on the sidewalk along the south side of Baltimore Street.

A digital version of the project plans and information are available to view online with public comments accepted through November 20, 2025.

Information, including bridge plans and an interactive comment form, can be found by visiting the PennDOT District 8 website, [PennDOT District 8](#), clicking Projects Near You listed on the left side of the page, then the District 8 Projects, and choosing [Baltimore Street Safety Improvement Project](#).

The purpose of the plans display is to introduce the project and receive public input regarding any questions or concerns with the project. It is also an opportunity for the public to review and comment on the project.

The project documents can be made available in alternative languages or formats if requested. If you need translation/interpretation services or have special needs or have

special concerns that require individual attention, please contact Ryan Shoemaker, PennDOT Project Manager at (717) 775-8638 or ryshoemake@pa.gov.

Pursuant to Title VI of the Civil Rights Act of 1964, PennDOT does not discriminate on the basis of race, color, national origin, gender, age, or disability. If you feel that you have been denied the benefits of, or participation in a PennDOT program or activity, you may contact the Pennsylvania Department of Transportation, Bureau of Equal Opportunity, DBE/Title VI Division at 717-787-5891 or 800-468-4201.

Motorists can check conditions on major roadways by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,000 traffic cameras. 511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by [following local alerts on X](#).
