

The grizzly bears of Yellowstone

Presentation by Steven J. Ropski, Ph.D.
Professor of Biology at Gannon University

Monday, September 16, 2024, 7:00 p.m.
at Faith Lutheran Church, 5414 East Lake Road

Steve will discuss the bears' mating, hibernation, and food habits, as well as the current status of grizzlies in Yellowstone National Park.

All are welcome at this educational and engaging talk!
Enjoy bear-themed refreshments following the program.
