Nighttime Lane Restrictions Begin Tomorrow Night on I-83 in York County

Bridge deck repairs planned between Exits 19 and 22

Harrisburg, PA – The Pennsylvania Department of Transportation (PennDOT) announced today that nighttime lane restrictions begin tomorrow night on Interstate 83 between Exit 19 (Route 462/Market Street) and Exit 22 (Route 181/N. George Street) in York County so a contractor can perform bridge deck repairs on structures spanning Codorus Creek and Loucks Mill Road.

Weather permitting, this work will be performed from 9:00 PM to 6:00 AM beginning tomorrow night, Tuesday, October 24. This work is expected to continue during those hours, weeknights through November. The contractor will begin working in the northbound direction, then move to the southbound direction.

A single lane restriction will be in place on I-83 during work hours. Motorists should be alert and drive with caution through the work zone,

This work is associated with a project that includes replacing the Eberts Lane bridge spanning I-83, constructing an additional span to the existing 3-lane, 2-span bridge on Sherman Street (Route 1033) spanning I-83 and Mill Creek, approach work, guide rail updates, pavement marking updates, and other miscellaneous construction.

Deblin, Inc. of Mechanicsburg, PA, is the contractor on this \$10,117,734 project.

Motorists can check conditions on major roadways by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,000 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by [following local alerts on X](#).
