

Myrtle Street Natural Gas Infrastructure Replacement Project

2025

The Myrtle Street Natural Gas Infrastructure Replacement Project is part of a comprehensive replacement plan to upgrade the gas pipelines in Littlestown Borough

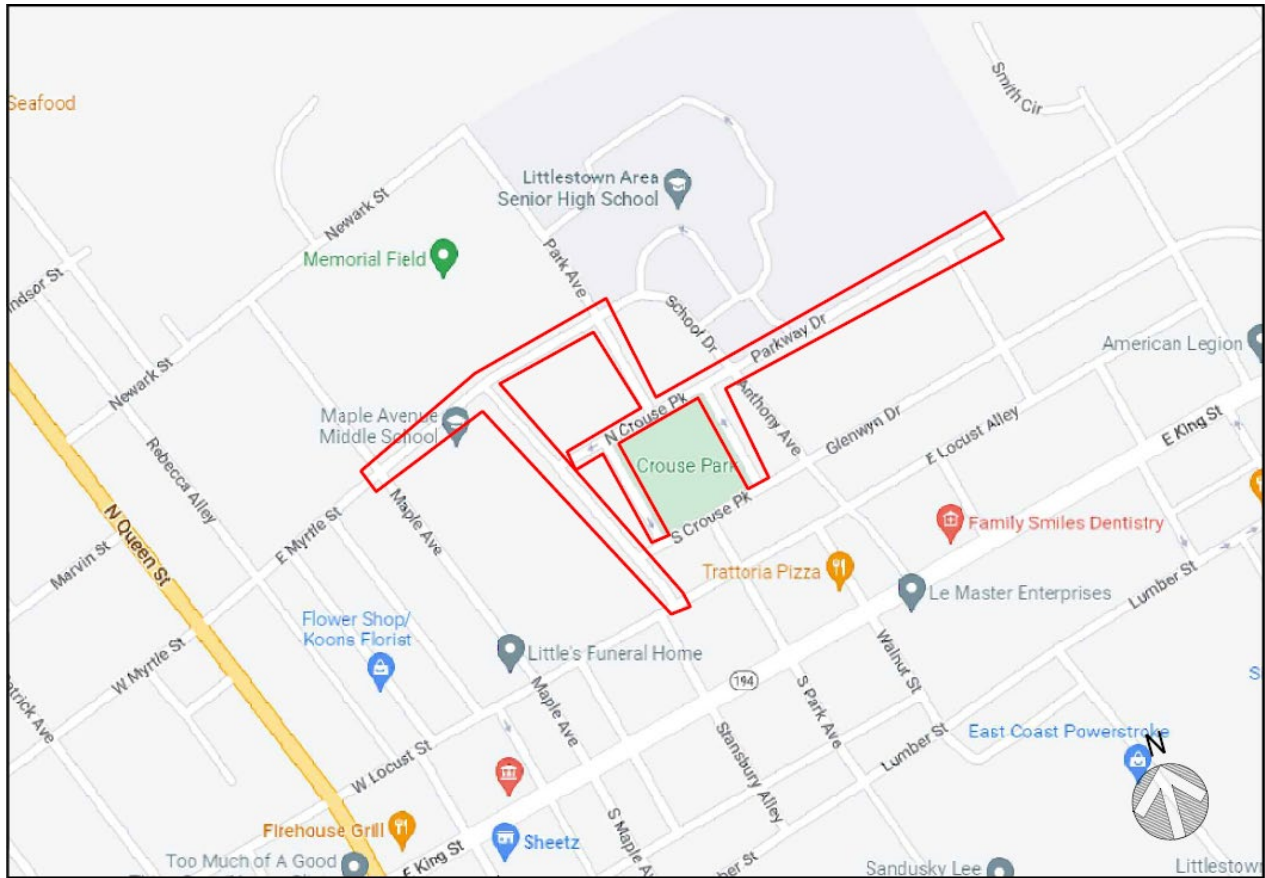

Project plans consists of:

- Approximately 3,700 linear feet of mainline pipe will be replaced
- Approximately 85 customers will have service lines upgraded
- Approximately 64 customers will have their meters relocated to the outside
- Pipeline replacement work will take place on the following streets:
Myrtle Street, Playground Place, Park Avenue, West Crouse Park, North Crouse Park, East Crouse Park, Parkway Drive, and East Locust Street
- Hours of operation will be 7:00 a.m. – 4:00 p.m. Monday through Friday, with some Saturday work possible, and holidays are excluded
- Lane closures and detours will be in effect only during work hours
- Project is tentatively proposed to begin in January 2025 and is estimated to take approximately six months to complete
 - *Project duration may be impacted by weather and/or unforeseen construction impediments in existing ground conditions*
- Customer properties will be restored to pre-project conditions following the completion of main and service line work. Road, sidewalk, and other right-of-way restoration will be completed using reasonable local municipal standards or PennDOT's standards of restoration
- Work will be performed by Columbia Gas of Pennsylvania contractor Kinsley Construction

Myrtle Street Natural Gas Infrastructure Replacement Project

Project Map

At Columbia Gas of Pennsylvania, we see our pipeline replacement program as an investment in the communities we serve. Required to enhance the safe and reliable system we currently operate, the upgrades Columbia Gas is doing now are part of our ongoing commitment to reliably deliver natural gas, safely and efficiently, for generations to come.

Ready to make a switch?

If you are not a natural gas customer but you want to be, now is the perfect time to upgrade your home or business to natural gas.

Upgrade to natural gas heat while we are working in your neighborhood and save up to **\$1,400*** each year when you switch from oil and up to **\$1,200*** when you switch from electric.

Visit ColumbiaGasPA.com/Switch to learn more about making the switch to Natural Gas.

*Pricing Sources: Oil, EIA.gov 4/08/2024. Natural Gas, Columbia Gas rates May 2023 – Apr 2024. Electric, EIA.gov Feb 2023 – Jan 2024. Assumptions: total annual bill based on use of 84 MMBtu or its equivalent. 96% AFUE gas heating system compared to 80% AFUE oil heating system and 7.7 HSPF electric heat pump. These calculations are estimates only. Actual energy usage and cost will vary based on customer.
