Meeting Date: 8-8-24

Subject: *Marine Debris pick-up

***MOU with County for storm debris pick-up**

***Discussion on an option for County to be responsible for all
storm debris pick-up**

Attachments: None

Discussion:

***We have the opportunity to ask for an extension for a project from FDEM to remove Hurricane Idalia marine debris from the shorelines.**

***MOU with the County to cover the City picking up County resident's debris if the City continues responsible for picking storm debris on the island. It's difficult separating city & county debris around the island.**

***It would give us the option for the County to be responsible for handling all debris pick-up after a storm.**

Possible Commission Action: Approved recommendations after discussion.
