Laurel Mountain Borough

November 5, 2026

Fall Cleanup Reminder

Dear Residents of Laurel Mountain Borough,

As the leaves have fallen, Borough Council would like to remind everyone of a few guidelines to help keep our community clean, safe and well drained this season.

Managing Your Leaves

Residents are asked to manage their leaves responsibly. Please bag, burn (if permitted), or otherwise dispose of your leaves properly.

- Do not blow leaves into the roadway or into the ditches.
- Do not stack branches or other yard debris in the ditches or along the edges of the roadway.

Keeping Ditches Clear

Per Borough ordinance, residents are responsible for cleaning out and maintaining the ditches in front of their homes. Keeping these ditches free of leaves and other debris is essential to preventing washouts, erosion and flooding. Leaves and other debris can obstruct the flow of stormwater, which can damage roads and nearby properties.

Thank you for doing your part to keep Laurel Mountain Borough safe and beautiful. If you have questions about these guidelines, please contact a member of Borough Council at boroughoflaurelmountain@gmail.com.

Sincerely,

Laurel Mountain Borough Council
