

NOTICE

The Contractor for the water project will be installing a concrete apron and making repairs to sections of the sidewalk damaged during construction starting on Monday, June 29, 2026. During installation of the concrete apron, traffic access to Purcell Drive will be impacted. Traffic will not be able to traverse across the apron until the concrete has set up. The sidewalk repairs will impact use of the sidewalk on the west end of the sidewalk along West Street as complete sections of the sidewalk are planned to be replaced. A notice will be provided when the work in these areas is completed.
