NOTICE TO RESIDENTS

- **Access Required:**
- **Please keep easement areas accessible. Remove personal items and contain animals and/or obstructions beforehand.**
- **Debris will be removed by the end of the next day.**

Scope of Work:

- **Vegetation will be cleared at least 45 inches around designated rear easements where applicable**
- **We sterilize and seal oak cuts**
- **We are Texas oak wilt trained and certified arborists**

Purpose:

- **Ensure safe and unobstructed installation and maintenance of fiber-optic infrastructure**
- **Pole-to-pole bottom line clearing, up to 16 feet**

Location:

- **Easements only. No work will be performed outside of easement boundaries**
- **Most easements are in the rear of the property gates must be accessible and animals contained if you do not want debris to remain**
