## ALLEY C SEWER WORK

### Between Western & Center

June 23, 2026

Dear Resident,

We would like to inform you that construction on the Alley C Improvement Project is scheduled to begin on Tuesday, June 23, 2026.

As part of this project, Alley C will be closed to vehicle traffic for the duration of construction. We understand this may cause inconvenience and appreciate your patience as we complete these much-needed improvements. These improvements are intended to address ongoing drainage and infrastructure concerns while providing a safer and more reliable alley for residents.

#### UDPDATES:

Please make any necessary arrangements for parking and property access during the construction period. Construction is expected to take approximately 60 days to complete.

To help minimize disruptions, street sweeping will not occur on the 100 block of 2nd Street or the 100 block of 3rd Street during construction.

Trash and recycling collection will continue as scheduled; however, all materials should be placed at the front of your property for pickup during the construction period (2<sup>nd</sup> & 3<sup>rd</sup> Street side).

Additional updates will be provided if the schedule changes or if important project information becomes available. We appreciate your patience and cooperation while these improvements are completed.

If you have any questions, please contact the Borough Office at 412-781-0213.

Sincerely,

Melissa O'Malley  
Borough Manager
