

Please be advised that starting July 1, 2024, weather permitting, Aerial Solutions Inc. will be conducting Aerial Saw Operations in Met-Ed territories within York County. The helicopter has a saw consisting of multiple 24-inch rotary blades powered by a motor suspended on a vertical boom beneath it. As the helicopter flies slowly along the right-of-way, the aerial saw cuts and trims trees and other vegetation. **Operations are scheduled in the following municipalities: Windsor, Lower Windsor, Codorus, Springfield, Shrewsbury, and York Townships, and the boroughs of Loganville and Jacobus.**

- **Aerial Saw** – Aerial Solutions Inc., White & Blue MD 500 E, Tail Number N229HL - *see similar photo:*

The following link will take you to a short video, showing a similar sawing operation in action:

<https://youtu.be/Mfz1YrpMbBg>

The pilot will be in communication with any local airports when in their airspace. As always, poor weather and emergency patrols/repairs elsewhere may cause re-scheduling and/or delays. Please feel free to reach out to me with any questions.

Best regards,

Kevin Eck
