

Waste Management Notification – January 2024

As permitted by contract, the refuse removal costs for Middle Paxton Township residents will be increased with their next quarterly invoice.

The increase is due to a rise in disposal costs (Tipping Fee) at the **Susquehanna Resource Management Complex** (SRMC, Harrisburg Incinerator).

Please see the 2024 Rate Schedule, effective 1/1/2024 as posted on the SRMC website.

<https://www.lcswma.org/services/info-for-commercial-haulers/>.

The disposal increase of \$4.12 per ton equates to a **quarterly increase** for Middle Paxton Township residents of **\$1.23**.

A message will be included in the resident's next Waste Management invoice providing notification of the increase.
