

STEELTON BOROUGH COMPREHENSIVE PLAN

The Borough is currently developing a Comprehensive Plan, which outlines a long-term plan and vision for the growth & development of the Borough. The plan includes aspects of land use, transportation, housing, parks, recreation, community facilities & utilities, and economic development. Ultimately, the plan provides the Borough with recommendations and strategies to address challenges and opportunities, while serving as a guide for elected officials and staff to aid decision-making.

HOW TO GET INVOLVED
