WHEN: **May 9, 2026**

WHERE: **Crafton Community Center** (above the library)

TIME: **6pm – 9 pm**

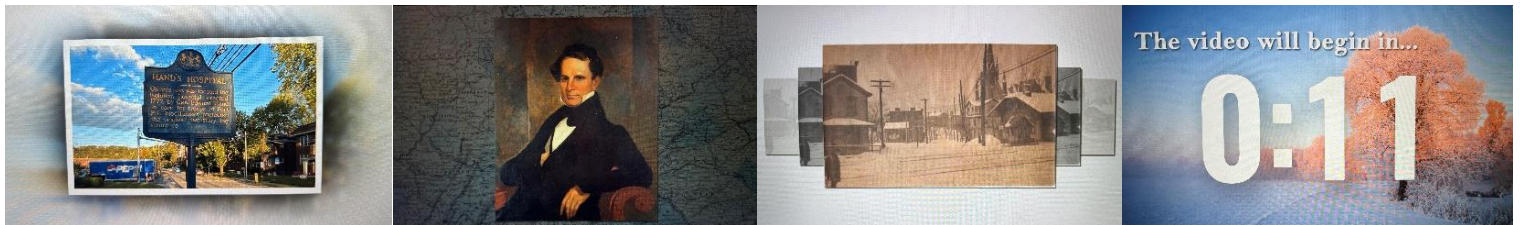

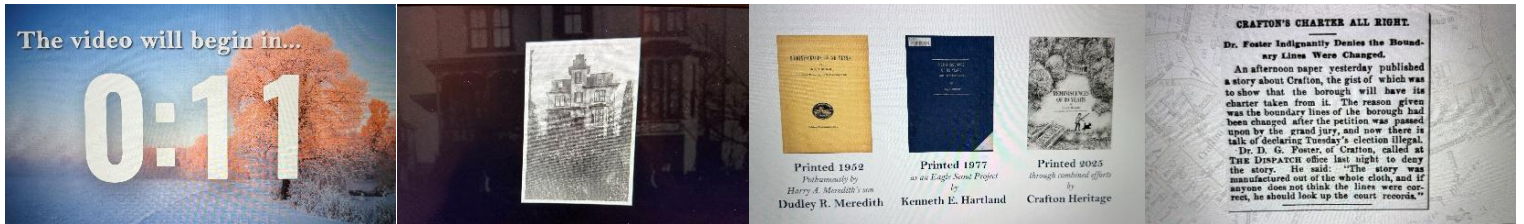

Crafton Heritage is thrilled to invite you to join us as we share our production on the big screen. So you don't have to, we will bring the pop-corn.

Witness the history of Crafton, the process of conducting a storied house history, and learn about Harry Meredith's "Reminiscences of 80 Years" book detailing the early history of Crafton's past as he lived it dating back to the 1800s!

At Crafton Heritage, we believe that our legacy is worth preserving. For this, we are also going to share our Crafton history using our collection of trivia questions.

Please join us!

We are happy to answer your questions at contact@craftonheritage.org.
