closed on the following holidays:**

Monday, September 1, 2025—Labor Day

Thursday, November 27, 2025—Thanksgiving

Friday, November 28, 2025 - Thanksgiving

Our Safety Guide to *Autumn Driving* This Season

Every Year thousands of people are injured, and hundreds of people are killed due to daylight savings time changes and the change of season.

Autumn means we need to be more careful as drivers.

1. WEATHER

Sudden changes in temperature, rain, snow and fog all make for hazardous driving. Be aware of the weather – know before you go.

2. SUNRISE & SUNSET

Daylight Savings Time means the sun on the morning drive might be right in your eyes. The sun goes down early now, so it gets dark a lot sooner! **HEADLIGHTS!**

3. CHILDREN & ANIMALS

Children are back to school and animals are busy preparing for winter. Look out for them. Slow down!

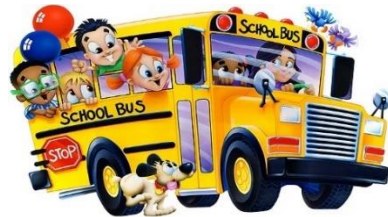

4. LEAVES

Leaves on the ground can be slippery and dangerous. Be careful when driving on leaf covered roads, whether it's raining or not. Clear leaves off your car before driving.

Back to School Driving Safety Tips

- Always stop for pedestrians in crosswalks.
- Do not speed.
- Watch out for crossing guards and obey their signals.
- NEVER text or use a cell phone while driving in a school zone.
- Always stop for school busses that are loading or unloading children.

BE AWARE. A child may easily forget to look for cars before attempting to cross the street.

OUTDOOR BURNING

Wrightsville Borough Ordinance 2014-2

An Ordinance prohibiting outdoor burning under certain circumstances; providing for certain exemptions; and provisions for penalties for violations thereof.

BURN WITH SAFETY IN MIND

- 🔥 Know and comply with the Borough's open burning ordinance
- 🔥 Check the weather forecast. Never burn when windy.
- 🔥 NEVER leave the fire unattended and ensure that it is completely out before walking away.
- 🔥 Keep a source of water nearby.
- 🔥 Never burn household trash in a fire pit.
- 🔥 Keep small children and animals away from the fire.

Historic Wrightsville is always looking for volunteers for our various event and fundraisers. Please contact the museum or send us a Facebook message if you would like to help us in the future.

Why I Believe Artificial Intelligence Isn't Real

So first, it's called ARTIFICIAL intelligence, which clearly means it's not real. Maybe that doesn't convince you, so let me explain my opinion further. First, I'm no stranger to computers. As a retired IBM Distinguished Engineer, I hold patents in advanced object-oriented programming as well as solutions for several other complex computing problems. For the last 4 decades, I have built personal computers and programmed everything from PCs to mainframes. Globally recognized as a legacy transformation expert, I had the pleasure of working with fortune 100 companies like Toyota to develop a plan to modernize their systems.

After I graduated from Pitt in computer science, which complemented my degree in pure mathematics, I was offered a job developing artificial intelligence in 1988 – yes, 37 years ago. Why has it taken almost 40 years for the rest of the world to hear about AI? Much like the promise of quantum computing today, Artificial Intelligence was an idea that was waiting for technology to catch up. Have you ever seen huge, windowless warehouse buildings appearing everywhere? Those are called data centers. To implement AI, you must have massive amounts of information stored in super huge, super-fast data storage systems, and processing power beyond imagination. Look up “Nuclear Power in the US” in Wikipedia. In 2027-2028 Three Mile Island will reopen solely to power Microsoft's data centers, which are responsible for powering the tech giant's cloud computing and artificial intelligence programs.

Technology is expected to soon catch up with the required level of power in computing for AI. But today you will still notice the disclaimer when reading AI search results, “AI sometimes makes mistakes.” That's because a computer is only as smart as the programmers who write the applications it runs. And an artificial intelligence application only works accurately if the data it reads is correct.

-Mary Ellen Siksa

For more information visit – Vote.PA.gov

VOTE

Your Vote Counts: You Now Have More Choices in Candidates!

Now that Wrightsville's *wards* have been changed to *precincts*, there is only ONE change you need to know.

There are NO changes to WHERE you vote. You still vote in the same place as you've always voted.

Precinct 1: Wrightsville Borough Offices, 601 Water Street, Wrightsville, PA 17368

Precinct 2: Wrightsville Presbyterian Church, 205 N 2nd St, Wrightsville, PA 17368

Precinct 3: Wrightsville Assembly of God, 365 Orange St, Wrightsville, PA 17368

There are NO changes to WHEN you vote. The Municipal Primary and General Elections will continue to follow the same election schedules as the county, state, and federal elections. The next election is November 4, 2025.

Before, there were 6 Boro Council members, two from each ward. Each one served a 4-year term. Every 2 years, one of the members in your ward was up for election.

Now there will be 7 Boro Council members, each serving 4-year terms. Every 2 years, either 3 or 4 members will be up for election. You can vote for 3 or 4 out of any candidate on the ballot, not just those in your precinct.

What does this mean? This year you, you will vote for FOUR Borough Council candidates. You now vote for EVERY council member up for election, giving you more power over the future of Wrightsville!

Do you have any questions? Need assistance? Need a mail-in or absentee ballot? Need any additional information on voting? You can contact

York County Elections and Voter Registration
28 E Market St # B003, York, PA 17401
[\(717\) 771-9604](tel:7177719604)

Yard Waste Disposal

Wrightsville Borough Yard Waste Collection ENDS Monday November 3rd

Are you wondering what you should do with your yard waste as we are in full swing in the season of raking leaves? Let me give you some tips.

Most municipalities offer yard waste pick-up at your curb which makes yard waste disposal very easy. Contact your municipality or waste hauler directly to find out what services are available to you. If yard waste services are not available to you, no worries. There are other options to help you.

If you simply have leaves and grass, you can use a mulching mower to mulch them. Your back will thank you and the clippings on the lawn will help prevent weeds from germinating. Another option for disposal of grass and leaves is to place them in your garden beds and around trees and shrubs to prevent weed growth. Composting your clippings and leaves is another great way to make use of them. If you are unsure how to do this, do an internet search for “composting”. You will find instructions for different composting methods and a list of materials needed.

If those options aren't your cup of tea, you can dispose of vegetation and small branches with your regular garbage or bring your yard waste to the York County Resource Recovery Center (YCRRC). Be sure to visit www.ycswa.com/services/waste-disposal/ for specifics on what can and cannot be accepted at the YCRRC. There are some items that we cannot accept, however our website will direct you to a business that can help you if the YCRRC cannot accommodate your needs.

From Leaves and Tree Trimmings to Weeds and Stumps, You Will Find a Quick Answer to How to Manage Your Yard Waste By Visiting Our Website
www.ycswa.com/services/waste-disposal/yard-waste/

2025 WRIGHTSVILLE BOROUGH LEAF COLLECTION

Leaf collection will begin the first week of November and run through the first week of December.

When heavy rain and storms are expected, please refrain from putting leaves out, as leaves can be washed into roadways, creating slick and dangerous conditions. Leaves can also clog the storm drain catch basins and cause road flooding. Do not place sticks and branches in your leaf piles as a leaf vacuum is not designed to pick up anything other than leaves.

Because the vehicle and equipment used for leaf collection can be hard to maneuver around cars and other objects, piles of leaves placed too close to, or under vehicles, will not be picked up. Additionally, leaf piles on curves and bends may not be picked up because curves and corners cause sight distance issues for drivers.

Please place your leaves in the same location as your refuse containers. Special pickups may be granted by the Borough by placing a call to the Streets Department Office @ 717-252-4559. Please confirm the pickup location is acceptable prior to putting leaves out.

Message from Stormwater Authority & Municipal Authority

ADMINISTRATION OFFICE DOES NOT ACCEPT CASH. ALL PAYMENTS
MUST BE MADE WITH A CHECK OR MONEY ORDER.
THANK YOU.

BILLING ANNOUNCEMENT

THE STORMWATER FEE IS NOW INCLUDED WITH THE MONTHLY WATER, SEWER, AND REFUSE BILL

- The charge is based on the ERU (Equivalent Residential Unit) yearly fee which will be divided into monthly installments.
- Customers with empty parcels, parking lots, or cemeteries will be sent a separate annual bill for the full amount.
- Customers with a past due stormwater bill will be turned into collections
- By making these changes it will be more cost effective and efficient.

WATER BILL DUE DATES

- September 17
- October 8
- November 5
- December 3

All billing inquiries, or questions, please contact the Municipal Authority Office at 717-252-2768, extension 011 or 012
