SOIL LEAD SCREENING

Wilmerding Park
201 Westinghouse Ave,
Wilmerding, PA 15148

May 31, 2025
10:00 AM- 2:00 PM

1. COLLECT: Scan the QR code to learn how to collect your own soil sample from your home garden or yard.

2. POP-UP: Bring your soil sample for on-site screening at Wilmerding Park in partnership with Women for a Health Environment from 10 AM to 2 PM. Receive real-time analysis and same-day results, discuss them with ACCD staff, and get connected to local resources to help you understand and act on your results.

3. RESOURCES & FAMILY FUN: Attendees will have opportunity to connect with local organizations during resource fair for family friendly activities, giveaways, and more!

Get your soil screened for lead for free by Allegheny County Conservation District.

Contaminants are common in urban soil, and can be hazardous to health when ingested or inhaled during gardening or outdoor activities. Soil testing is the first step to reduce your risk of exposure.
