

Winter Is Coming!

Make sure all basket ball hoops and other play apparatus are located outside of the Right-Of-Way (behind the sidewalk).
Not on streets, sidewalks, or in snow easements!

Plan ahead for snow plows to come through!
Have a plan in place to remove cars parked on the streets to off-street locations.

- Be aware of all snow emergency routes.
- Don't shovel or blow snow into the streets.
- Please have all public sidewalks adjacent to your property cleared of snow and ice within 24 hrs of the cessation of snow fall, and continue to maintain in a condition free from snow, slush, and ice.
- Sign up for Savvy Citizen to get important updates from the Township.
