

Gator Gobblers

For those of you who have not heard, our three outreach hunt trailers were broken into last weekend, and all of our gear was stolen. To make matters worse, the thieves came back and stole our 7x16 cargo trailer too. This has been a devastating blow to our outreach hunt team, but we are not giving up. With the help of our amazing supporters, we are working hard to restock everything stolen in time for our next youth hunt from March 8-10. We want to express our heartfelt gratitude to all of you who have generously contributed financially to help us purchase the needed items.

If you are just hearing about this and would like to lend a hand, there are several ways you can help.

1. You can donate to our GoFundMe page [**CLICK HERE**](#)
2. We still need tools like rake, shovel, drill, sawzall, and screwdriver set. So if you have any extra tools that you want to donate, we will take them off your hands.
3. Be on the lookout for anyone selling a bunch of double ladder stands, ground blinds, Pitboss Lockhart smoker/grill and a silver diamond 7x16 cargo trailer. The trailer has kitchen cabinets along the left side and 2 open shelves on the right. There is also a plywood wall with a sliding door separating the front of the trailer from the back.
4. Additionally, you can support us by joining us at our upcoming Gator Gobblers Hunting Heritage Banquet on March 20th. Check out the information below for more details.

Thank you for being so supportive!
