FOR IMMEDIATE RELEASE

Water Service Tap Installation – Fredericksburg Avenue

Beginning Monday, March 9, 2026, and weather permitting through Tuesday, March 10, 2026, Town Public Works crews will be performing a water service tap installation on Fredericksburg Avenue. This work is necessary to connect a property to the municipal water system and to maintain reliable water service within the area.

During this time, temporary traffic disruptions and brief water service interruptions may occur for nearby residents and businesses.

Crews will work to complete the installation as efficiently and safely as possible. Residents in the immediate vicinity may notice equipment and personnel working within the roadway. Motorists are encouraged to use caution when traveling through the area and follow any posted traffic control signage.

The Town appreciates the public's patience and cooperation as this work is completed. These improvements help ensure the continued reliability and performance of the Town's water infrastructure.

For questions or additional information, don't hesitate to contact the Town of Louisa Town Manager, Stuart Turille, at 540-967-1400.
