Household hazardous waste includes products from the home that are corrosive (drain cleaners or bleach), flammable (gasoline), reactive (pool chemicals) or toxic (pesticides). All York County homeowners or residential tenants are eligible to take advantage of this event. There is no fee to participate. Business and government entities are not eligible to participate. The program is made possible by funding generated from tipping fees collected at the York County Resource Recovery Center and a grant from the Pennsylvania Department of Environmental Protection. After collection, a licensed hazardous waste commercial hauler will transport and manage the household hazardous waste.
