

## Learn CPR. Save a Life. Be Ready.

### Community CPR Training • South Park Township & Tri-Community South EMS

The American Heart Association notes calling 911 and early CPR, by the public, as its first links in the Chain of Survival. Without these first two links there is a very low likelihood a patient will survive an out of hospital cardiac arrest.

With this in mind, South Park Township and Tri-Community South EMS are partnering to host a CPR class in South Park on May 7, 2026.

The class will cover adult, child, and infant CPR, obstructed airway (choking), and AED use.

**What:** American Heart Association Heartsaver CPR & AED

**When:** May 7, 2026, 6:00 PM

**Where:** South Park Township Community Center

2575 Brownsville Rd, South Park

**How:** Register at [www.tcsems.org](http://www.tcsems.org) or via one of the QR codes below. There are two options: Certification (receive an AHA Heartsaver certification valid for 2 years) — \$50, or Non-Certification — \$30. Same great class and information, but you will not receive a certification card.

### Certification Option \$50

### Non-Certification \$30
