

Southern York County Recreation

Speaker Series

7:00 PM - 8:30 PM

Doors Open at 6:30

26
MARCH

Life in 19th Century Shrewsbury Township

The lives of Shrewsbury Township residents changed from 1800 to 1900 because of improvements in so many parts of their daily living. These included changes in Transportation, Communication, Government, Public Education, Agricultural, Industrial, and Family life. They also were impacted by national events like the Civil War and economic instability. Speaker: Rev. Sterling Fritz

APRIL

Living Life After Amputations

In 1995, Chuck contracted a near fatal pneumococcal bloodborne bacterial infection, resulting in the amputations of both legs below the knees, all eight fingers and half of both thumbs. Against the odds, he survived this ordeal, confronted his limitations and lives a fulfilling and productive life. Speaker : Chuck Cusimano

MAY

York County Geology

Jeri Jones, a native of York, will speak to us on the unique geology that shaped (and continues to shape) York County. Jeri owns Jones Geological Services in Spring Grove, PA where he studies the geology of southeastern Pennsylvania. In his 38 years of research Jeri leads groups on field trips and acts as a consultant to several area quarries.
