**Second In-Person Open House and Online Plans Display Scheduled
for Route 616/George Street Intersection Reconstruction Project**

Open house set for Dec. 17; Online plans available for viewing beginning Dec. 15

Harrisburg, PA – The Pennsylvania Department of Transportation (PennDOT) announced today that a second in-person open house is planned for Wednesday, December 17, for a project to reconstruct the intersection of Route 616 and Route 3024 (George Street) in New Salem Borough, York County. The first open house for this project was held this past summer.

The open house will be held from 6:00 PM to 8:00 PM, Wednesday, December 17, at the St. Jacobs UCC, 100 E George St., New Salem Borough, PA 17371.

As an alternative to attending the open house, a separate public plan display will be available to view online beginning December 15, 2025. A comment period will begin December 15 when the plan displays become available for viewing. Comments will be received through January 17, 2026.

The purpose of this project is to reduce congestion at the existing intersection due to the signal timing. This project will realign Route 3042 (George Street) through the intersection to increase the efficiency of the signal timing at the intersection.

Realignment of the roadway will allow for a two-phase signal to replace the existing three-phase signal. The project will include new ADA compliant sidewalks and ramps within the intersection.

The project will be constructed in multiple stages with a detour for Route 3042 (George Street).

Construction is expected to begin in spring of 2028 and be completed by the fall of 2028.

Beginning Monday, December 15, information, including plans and interactive comment forms, can be found by visiting the PennDOT District 8 website, [PennDOT District 8](#), clicking Projects Near You listed on the left side of the page, then clicking District 8

Projects, and choosing Route 616 Main Street and George Street Reconstruction Project.

The purpose of the online display and open house is to introduce the project and receive public input regarding any questions or concerns.

Comments will be received through January 17, 2026.

The project documents can be made available in alternative languages or formats if requested. If you need translation/interpretation services or have special needs or have special concerns that require individual attention, contact Peter Roman, Senior Project Manager, at (717) 705-6187 or email at peroman@pa.gov.

Pursuant to Title VI of the Civil Rights Act of 1964, PennDOT does not discriminate on the basis of race, color, national origin, gender, age, or disability. If you feel that you have been denied the benefits of, or participation in a PennDOT program or activity, you may contact the Pennsylvania Department of Transportation, Bureau of Equal Opportunity, DBE/Title VI Division at 717-787-5891 or 800-468-4201.

Motorists can check conditions on major roadways by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,200 traffic cameras. 511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by [following regional X alerts](#).
