"Regional Water & Wastewater Service"

## Our West Newton Customers,

The enclosed bill is the **final sewage bill** you will receive from **West Newton Borough**. Effective **July 1**, the **Municipal Authority of Westmoreland County (MAWC)** has acquired West Newton Borough's sewage system.

You will notice that the remit-to address on this statement has been updated. **Beginning with this bill and going forward, all sewage payments should be mailed to:**

Municipal Authority of Westmoreland County (MAWC)

**P.O. Box 800**

**Greensburg, PA 15601**

Beginning with the next billing cycle, **all future sewage charges will be included on a combined bill**. If you currently receive your water bill monthly, you will now receive a **combined monthly bill** that includes both water and sewage charges which will allow 20 days for payment. If you currently receive your water bill quarterly, you will now receive a **combined quarterly bill** that includes both water and sewage charges with 30 days for payment.

If you are **currently enrolled in ACH for your sewage bill**, please note that this enrollment **will not transfer automatically**. To continue ACH payments, you must either:

- **Complete and return the enclosed MAWC ACH Authorization Form**, or
- **Log in to your MAWC online portal at [www.mawc.org](http://www.mawc.org)**, click "**Pay Your Bill**," and create or access your account.

To create an online account, you will need the **IAC number** shown on your MAWC water bill.

If you **currently pay your sewage bill using your bank's electronic bill-pay service**, please be sure to **update your payee information** to reflect MAWC and use the **MAWC remit-to address listed above**.

If you have any questions regarding this transition, our Customer Service team is available at **724-755-5800**. We are here to assist you and ensure a smooth changeover.

**Thank you for your cooperation during this transition.**

Sincerely,

Municipal Authority of Westmoreland County (MAWC)
