Re: Yankeetown School water bills for July

Sorry.....1 more question......the other towns do not charge us late fees because we only have 2 Board Meetings a month and all bills are approved for payment at each Board Mtg....and sometimes because of the mail or how our Board Mtg dates fall....the checks would get to you after the due date(usually just a few days)

What do we have to do to request a waiver of late fees like we get from the other towns? Can we submit a request in letter form? This is what we have done with the Town of Bronson, City of Chiefland and City of Williston.

Thank you so much for your continued assistance,

Sharette

Progress is coming along nicely on the Splash Pad! Dade City Commission purchased and previously approved a splash pad/hub to the city's downtown area. The park renovations will also include an amphitheater/stage to host live events.

City water stored in underground tanks is used to provide the water at the Splashpad, according to Ben Borregard of Borregard Construction. The water goes through a system and is sterilized after having been dispensed on the Splashpad, making it possible to use again, according to Borregard.

CRYSTAL RIVER TOWN SQUARE SPLASH PAD

The City of Crystal River has an amazing Town Square, and part of that includes a new 1,000 square foot splash pad. It's located right below the water tower in downtown Crystal River, and it creates a lovely stop to relax, and have some fun, especially in the warmer months. The splash pad is lighted at night and has picnic tables along with a covered patio. The park is adjacent to Citrus Ave shops and dining and is centrally located in Crystal River. The park has nearby restrooms and changing facilities.

559 N Citrus Avenue Crystal River, Florida 34428

Whispering Pines Splash Pad:

The zero-depth splash pad is ideal for toddlers and young children, and a great way to cool off during the summer months. The splash pad is open seasonally from April through October, 7 days a week from 9 am - 6 pm.
