| rove around<br>ankeetown 9:15am -<br>0am        |               | Looking for violations or<br>loose animals.                                                                                               | While driving around looking for<br>violations I pulled down 61 <sup>st</sup> street and<br>spotted 2 dogs one chihuahua white<br>and spots and the other was a brown<br>jack Russel/terrier mix running at large<br>no proper tags they made there way<br>around the 6008-harmony lane before<br>turning back around and headed<br>towards 10 61 <sup>st</sup> street. I followed behind<br>and the owner came out and advised<br>they were his dogs. I gave him a verbal<br>warning, advised him of the leash law,<br>along with the proper tags that needed<br>to be present on the dogs. He stated<br>they never go out of the yard, and this<br>was the first. Verbal warning was given. |
|                                                 | 210-288-5790  | Looking for someone to<br>give oral medicine to his<br>cat.                                                                               | I told him to call me whenever he<br>needed help, and I would come and<br>help him.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

The dog was housed at the shelter for 2 days.                                                                                                                                                                                                                                                               |
| ebbie Bohan |  | Brought in a black small yorkie mix breed dog into the shelter stating it was running in the road 6199-6067 Follow That Dream Pkwy, Yankeetown, FL 34498. | The dog was impounded at the shelter on 9/29/26. No proper tags, or identification, female unknown alter status. Posted on social media the same day as a stray hold. The owner contacted animal control. The dog was reclaimed 9/29/26. Advised that the dog get proper city tags from Yankeetown town hall to comply with local ordinances. |

9/21/2026- 3 kittens were brought into the shelter from 6611 lake ave; they were set up with food and water in traps in our Quarantine room to be held until 9/22/2026 for surgery. They were released back to the property after being vetted and spay/neutered on 9/22/2026.
