**Agenda**

**1. Request to amend Sec. 34-234**

**Adjourn.**

Request to amend section 34-234 to include:

One detached garage or pole barn to be no larger than (30) thirty feet by (40) feet with an eve height no greater than (14) fourteen feet. Structure should have no less than a 12/5 pitch roof with no less than 120 mile per hour wind rating. Shall be permitted only in a rear or side yard of an established residence dwelling no less than ten feet from the property line on a minimum (1) one acre lot. Structure "would not" be permitted on a vacant lot.
