

San Patricio County Vessel Turn-In Program

An Opportunity to Voluntarily Remove Inoperable Vessels

San Patricio County is partnering with the Texas General Land Office and Texas Parks and Wildlife Department to offer San Patricio County residents the opportunity to dispose of inoperable and derelict vessels through the "Vessel Turn-In Program."

Designed to provide owners with a voluntary, free method of boat disposal, the General Land Office and Texas Parks and Wildlife will verify ownership and qualification for disposal. Verification of ownership and a Release of Interest and Ownership form must be completed on-site. The title must be free of any loan balances, liens or taxes. San Patricio County will assist with landfill disposal, and the General Land Office will ensure safe removal of oil, fuel and batteries on-board the vessel. The boat must be clear of trash and debris.

San Patricio County residents are welcome to relinquish vessels up to 26 feet long. Longer boats may be accepted on a case-by-case basis. Please call for more information if you have a longer vessel. Boats must be brought to the drop-off location.
