

LITTLESTOWN

HOMETOWN NEWS

www.littlestownborough.org

Greetings From Council President

Greetings Borough and community members. Work on the improvements we will be making to the Borough Park are underway. Unfortunately, what we are working on is not something that is visible to you currently. The reason is that there are several requirements placed on us by the State agency, DCNR, related to engineering that we must satisfy to comply with the major grant we received from them. To that end, we have bid the engineering work and are awarding the engineering agreement to the firm of C.S. Davidson, Inc.

Once the engineering work is completed, we will begin to phase in the improvements that will begin to become evident in 2024. It is my hope that one of the very first things we will accomplish is the new playground area and equipment. Stay tuned.

In the Spring issue I mentioned that we are asking volunteers to step forward to help plan a wonderful tree lighting night this Christmas season. Please consider helping with this. We would like it to be a special event for the community. If you are interested, please contact the Borough office.

Thanks.

Craig Rosendale
Council President

Lightning Safety

Thunder and lightning storms happen all the time. Know what to do to keep you and your family safe when storms strike!

Safety Tips

Indoor Safety

Turn off computers. Stay off corded phones, computers, and other things that put you in direct contact with electricity or plumbing. You **can use** a cell or cordless phone.

Do not wash your hands, bathe, shower, do laundry, or wash dishes.

Outdoor Safety

- » If you can hear thunder, you are within striking distance of lightning. Look for shelter inside a home, large building, or a hard-topped vehicle right away.
- » **Do not go under trees** for shelter. There is no place outside that is safe during a thunderstorm.
- » **Wait at least 30 minutes** after hearing the last clap of thunder before leaving your shelter.
- » **Stay away** from windows and doors. Stay off porches.
- » **There is no safe place outside.** Places with only a roof on sports fields, golf courses, and picnic areas are not safe during a lightning storm. Small sheds should not be used.
- » If a person is struck by lightning, call 9-1-1. Get medical help right away.

FAST FACTS

Lightning may strike as far as 10 miles from any rain.

Thank you

The Littlestown Borough Council would like to thank the businesses that appear in this newsletter and to recognize them each as supporters and cornerstones of our community. For it is with their contributions that this newsletter has been produced at no charge to our residents. The Borough would like to further request that citizens, in response, patronize these businesses first when given a choice as these businesses are saving each citizen tax dollars.
