### **Online Plans Display for the West Clearview Drive (Route 3006) Bridge Replacement Project in Shrewsbury Township, York County**

**Harrisburg, PA** – The Pennsylvania Department of Transportation (PennDOT) invites the public to an online plan display regarding the West Clearview Drive (Route 3006) bridge replacement project. The bridge spans Trout Run in Shrewsbury Township, York County, approximately one-half mile southeast of Glen Rock.

The purpose of this project is to replace the bridge and provide continued safe and efficient crossing of West Clearview Drive (Route 3006) over Trout Run.

The project involves the replacement of the existing bridge with a precast concrete box culvert. The overall geometry of the bridge will not be affected by the repairs. Minor approach work includes new pavement, guide rail and signing upgrades. No impacts to Trout Run are anticipated. The proposed roadway curb to curb width will remain similar to the existing conditions with 11-foot lanes and 3-foot shoulders.

The project is currently in design and construction work is anticipated to take place in the 2027 construction season.

A digital version of the information will be available to view online through August 24, 2025.

Information, including bridge plans and an interactive comment form, can be found by visiting the PennDOT District 8 website, [PennDOT District 8](#), clicking Projects Near You listed on the left side of the page, then the District 8 Projects, and choosing [West Clearview Drive Bridge Replacement](#).

The purpose of the plans display is to introduce the project and receive public input regarding any questions or concerns with the project. It is also an opportunity for the public to review and comment on the project.

The project documents can be made available in alternative languages or formats if requested.
