

LEBANON STATION INTERSECTION IMPROVEMENTS

Financial Management Number: 449286-7 | Levy County, FL

PROPOSED IMPROVEMENTS

- Reconstruction of U.S. 19 over C.R. 336 with one independent bridge
- Reconstruction of entrance and exit ramps between U.S.19 and S.R. 121/C.R. 336
- Stormwater Ponds

The Florida Department of Transportation (FDOT) District Two invites you to the Public Meetings for the Lebanon Station Intersection Improvements Project.

This project is located at the intersection of U.S. 19, State Road 121, and County Road 336 at Lebanon Station in Levy County. The proposed project will reconfigure the intersection to improve safety, while providing free-flow traffic conditions on U.S. 19. The purpose of this meeting is to inform the public of the project and provide an opportunity for the public to provide feedback regarding the project. There are multiple opportunities to participate in the project feedback, including a virtual/online option and an in-person option. All participants, regardless of the platform they choose, will receive the same information on the proposed project and all comments received in-person, virtually or electronically, will be given equal weight.
