

Good afternoon, Littlestown residents and friends,

It has officially been 1 month as your mayor. I have been able to meet with a few business owners, and some of you as well. I have been receiving updates on police operations and have received some community suggestions.

Thank you for your patience, as I will do my best to make myself as available as possible. Due to my full-time job, any physical meetings will need to be by appointment only. The best way to contact me will be through Facebook- Littlestown Mayor, or the Littlestown Mayor's email mayor@littlestownboro.org.

Let us remember that we are a community and any public communication that is disrespectful will not be welcomed. True concerns and complaints with the intention of making our community better for all residents will never be dismissed.

May God bless our community and remind us of the love of our neighbors.

Rocky Loera

Littlestown Mayor
