Codorus Township/York County PA

RE: Columbia Gas Transmission Pipeline Construction

Dear Landowner:

Please be advised that Columbia Gas Transmission, LLC ("Columbia Gas") plans to start some construction on its pipeline facility In York County/Codorus Township Starting on August 12 through October 15, 2025.

Columbia Gas is a wholly owned indirect subsidiary of TransCanada Pipeline USA Ltd. Its principal office is located at 700 Louisiana Street, Suite 1300, Houston, Texas 77002-2761.

This project may involve some or all the following activities: earth disturbance, the presence of workers and equipment, temporary noise and dust, the replacement and/or installation of above and/or below ground facilities, new or modified access road(s) and grading and excavation.

Columbia Gas anticipates the project will take place between **August 2024 and October 2024**. However, the project could take longer depending on external factors such as weather, and the scheduling of personnel and equipment. After the construction activities are completed, site restoration activities will commence.

Columbia Gas is committed to providing landowners with clear and simple directions to address any concerns you may have prior to, or during our construction and restoration activities on your property.

Should you have any questions or concerns, please do not hesitate to contact our Land Representative, Antonio Redd, at phone number 703-508-2135; or our Landowner Information Line at 1-877-287-1782, or email: us_land@tcenergy.com.

Any person affected by either the construction or operation of a certificated or authorized natural gas project under the Natural Gas Act may seek the informal resolution of a dispute by contacting the Commission's Landowner Helpline. The Commission's Landowner Helpline may be reached by calling toll-free at 1-877-337-2237, or by email at LandownerHelp@ferc.gov, or writing to: Commission's Landowner Helpline, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Columbia Gas strives to be a good neighbor as it provides a safe, clean, and reliable source of energy to many of the nation's consumers and industries. If you have any questions, we encourage you to call us. However, in the event you wish to direct your questions or comments to the Commission, you may do so by using the Commission's "Dispute Resolution Service" contact information listed above.

Sincerely,

Columbia Gas Transmission, LLC
