

Senator Wayne Fontana - 2026 Food Drive

Food insecurity does not always look the way people expect. Many of the neighbors served are working families, seniors on fixed incomes, veterans, people with disabilities and households experiencing temporary hardship.

Food insecurity continues to affect one in eight people across our region, including one in five children. While the causes are complex, we know the solution requires community support, strong nutrition programs and continued investment in our neighbors.

I am organizing a food and donation drive to benefit Greater Pittsburgh Community Food Bank to support our local communities who are impacted by rising costs and reduced benefits.

There are two ways you can help:

- Individuals can make an online donation that will go directly to the Greater Pittsburgh Food Bank. For every \$1 donated, the Food Bank can provide up to 3 meals for the children, families and seniors they serve across Southwestern PA. Scan the QR code on the reverse side.**
- Anyone interested in donating items can drop them off at either of my district offices from October 1 – October 29, Monday – Friday, 10 a.m. – 4 p.m.
Brookline – 1039 Brookline Boulevard, Suite 2, Pittsburgh, PA 15226
Kennedy – Kenmawr Plaza, 500 Pine Hollow Road, Kennedy Twp., PA 15136.**

The most needed items are:

- Canned fruits packed in 100% juice**
- Low sodium/no salt added canned vegetables**
- Low sodium/no salt added canned beans and soup**
- Canned tuna or chicken packed in water**
- Whole-grain cereal, oats and pasta**
 - Peanut butter**
 - Household items**
 - Hygiene items**
 - Diapers**

Any other nonperishable product is appreciated and can help fight hunger during these difficult times.
