Re: Fee Schedule Evaluation

Council Members:

Attached please find the Fee Schedule Evaluation for Tullytown Borough and a Proposed Draft Fee Schedule for the Borough's consideration.

This report and the associated data, Exhibits and the Proposed Draft Fee Schedule have been specifically developed for Tullytown Borough. The numbers utilized within the evaluations and comparisons are specific to the Borough and the other communities identified.

The initial task of the fee schedule evaluation was to determine a Program Cost for the Borough (Exhibit "A"). The Program Cost is defined as the in-house cost associated with operating and maintaining an opt-in program that meets the requirements of the Uniform Construction Code for the Commonwealth of Pennsylvania. It should be noted that, each community has a different Program Cost due to a number of factors including; number of permits issued; the number of township employees assigned to the Building/Code Department; their associated salaries and benefits; time allocated to the Building/Code Department; required office supplies, required infrastructure; computer hardware and software; communications costs; required code books, etc.

At present, the Program Cost for Tullytown Borough is approximated at \$94,667 per year. In order to equate this cost to an hourly figure, and evaluate the department in terms associated with a specific application, this cost was divided by 1000, the anticipated number of hours within a calendar year services will be provided to the Code Enforcement Department, to determine the hourly cost to the community excluding the outsourced Building Plan Review and Inspection Costs. This number is estimated at \$95.00 per hour. This is the number that was utilized in evaluating each specific baseline scenario.

In order to determine the cost to the community associated with different applications a number of different baseline scenarios were developed including the following:

<u>Single Family Detached Dwelling (Exhibit "B")</u>
 3000 sf Single family detached dwelling w/ 1500 sf full basement, Total 4500 sf;
 75 Electrical outlets/fixtures (construction cost +/- \$10,000);
 12 Plumbing fixtures (construction cost +/- \$10,000) w/ Public water and sewer service;
 Standard HVAC System (construction cost +/- \$10,000);
 Standard prefabricated fireplace insert; Uncovered Deck 10'x10';
 Standard asphalt shingles and vinyl siding;
 Total General Construction Value +/- \$200,000

Addition to a Single Family Detached Dwelling (Exhibit "C")
 500 sf Addition;
 15 Electrical outlets/fixtures (construction cost +/- \$5,000);
 3 Plumbing fixtures (construction cost +/- \$5,000);
 Standard asphalt shingles and vinyl siding;
 Total General Construction Value +/- \$75,000

3. Residential Deck (Exhibit "D") 200 sf Uncovered Deck (10'x20')

<u>Industrial/Commercial Flex Space (Exhibit "E")</u>
10,000 sf Commercial/Industrial Facility; Single Tenant
200 Electrical outlets/fixtures (construction cost +/- \$50,000);
50 Plumbing fixtures (construction cost +/- \$50,000) w/ Public water and sewer service;
Standard HVAC System (construction cost +/- \$50,000);
Fire suppression system, (assume 200 sprinkler heads/construction cost +/- \$70,000)
Total General Construction Value +/- \$2,000,000

<u>Small Office/Tenant Fit-Out (Exhibit "F")</u>
2,500 sf Tenant Fit-Out; Single Tenant
15 Electrical outlets/fixtures (construction cost +/- \$5,000);
No New Plumbing fixtures but ADA Upgrade
Existing HVAC System Remaining
Existing Fire Suppression System Remaining, Relocate 10 Heads
Total General Construction Value +/- \$20,000

<u>Not included</u> within the cost evaluations for these baseline scenarios are applicable costs relating to Contractors Registration (if applicable), Well and On-Site Systems (if applicable), Grading, Driveways, Stormwater Management, Subdivision/Land Development, Water and Sewer tap-in fees and service connection fees (if applicable), etc.

Each baseline scenario was evaluated for the estimated outsourced Plan Review and Building Inspection time and then the Program Cost was added to the estimated time. This is the estimated cost to the community for processing, reviewing, inspecting and ultimately providing a final approval of the application. The estimated costs to Tullytown Borough for the baseline scenarios are as follows:

1.	Single Family Detached Dwelling	\$4,075
2.	Addition to a Single Family Detached Dwelling	\$1,615
3.	Residential Deck	\$540
4.	Industrial/Commercial Flex Space	\$41,820
5.	Small Office/Tenant Fit-Out	\$1,500

The permit cost was calculated for each baseline scenario utilizing the Proposed Draft Fee Schedule (Exhibit "G"). This determined if the Proposed Draft Fee Schedule generated enough income to offset the cost to the community for each type of application. The permit costs collected utilizing the Proposed Draft Fee Schedule for the baseline scenarios are as follows:

1.	Single Family Detached Dwelling	\$4,300
2.	Addition to a Single Family Detached Dwelling	\$1,405
3.	Residential Deck	\$305
4.	Industrial/Commercial Flex Space	\$48,160
5.	Small Office/Tenant Fit-Out	\$1,980

As demonstrated, the Draft Fee Schedule provides enough income to cover the costs associated with all baseline scenarios except the small residential deck and residential addition application. Collecting enough fees to cover all costs for smaller projects is extremely difficult due to their limited scope and having to share in the associated Program Costs. It should be noted that, the Permit Fees collected for the deck application cover all outsourced costs and provides \$50 towards the Program Costs while the residential addition application also covers all outsourced costs and provides \$550 towards the Program Costs.

In addition, utilizing each baseline scenario, the fees generated by the Existing Fee Schedule and the Proposed Draft Fee Schedule were compared against several communities in the geographic area. This established an average fee for each baseline scenario within the geographic area and determined if the fees generated by the Existing Fee Schedule or the Proposed Draft Fee Schedule are in line with communities in the area.

It should be noted that, The Proposed Draft Fee Schedule (Exhibit "H") is prepared in a Resolution format but may be modified as the Borough Council deems appropriate.

In preparing this evaluation I attempted to cover as much information within the Proposed Draft Fee Schedule as possible, however I'm sure I may have missed some existing fees being charged by the Borough and may have included some Fees for items not pertinent to the community. If, after the staff reviews this information, the Borough needs any additional fees identified or modified we can make those changes.

Thank you for the opportunity to provided services to Tullytown Borough and if, after reviewing this information, you have any questions or require any additional information please contact our office at (610) 544-6410 or me directly at 267-718-3465.

### Tullytown Borough Bucks County, Pennsylvania

### A RESOLUTION OF THE BOROUGH COUNCIL OF TULLYTOWN BOROUGH ESTABLISHING A SCHEDULE OF FEES FOR BUILDING AND ZONING PERMIT APPLICATIONS

WHEREAS, the Borough Council of Tullytown Borough are authorized by the Borough Code and by the Pennsylvania Municipalities Planning Code to prescribe reasonable fees with respect to the administration of the Borough's Building Code, Zoning Ordinance; and

WHEREAS, the Borough Council of Tullytown Borough wish to revise Fees for permits, applications, and miscellaneous Fees, as well as to provide for the reimbursement to Tullytown Borough for expenses incurred in the administration of said Ordinances;

**NOW THEREFORE, BE IT RESOLVED** that the Borough Council of Tullytown Borough hereby establish the following Schedule of Fees payable to Tullytown Borough subject to the policies and guidelines established herein.

## GENERAL RULES, REGULATIONS, AND PROCEDURES

- 1. Application forms are available at the Borough Office. Checks in payment of Borough fees and escrows shall be made payable to "*Tullytown Borough*". Separate checks are required for the application and escrow deposits. Invoices for reviews will be issued by the Borough Treasurer and are payable upon receipt.
- 2. If Escrow funds are required, same will be held until the project/application is finalized and will not be used to pay invoices.
- 3. Property Owner/Applicant seeking a waiver of Preliminary Plan Approval, also known as a Preliminary/Final Plan application, is required to pay two (2) times the Application Fee and two (2) times the Escrow amount at the time of application.
- If there is a difference in the number of lots or units for any multi-unit/multi-lot development, the fees and escrow will be based on the greater number.
- 5. When a SALDO application proposes a public sewer connection, review by the Sewer Authority Engineer and a Sewer Authority Reimbursement Agreement will be required. The property Owner/Applicant will be billed directly by the Sewer Authority for these services.
- 6. ACT 247 REVIEW: After authorization by the Borough, the Property Owner/Applicant is required to submit plans and pay all revierw fees necessary directly to Bucks County Planning Commission.
- 7. RECORD PLAN: No final approved plan will be released by the Borough for recording until all accounts have been settled. Property Owner/Applicant is responsible to have the plan recorded at the Bucks County Recorder of Deeds Office and to pay any fees applicable.
- 8. In accordance with provisions of 53 Pa. C.S.A. §6131, if any Property Owner/Applicant fails to pay any Borough/Sewer Authority real estate tax bills, invoices, or fees within the appropriate time period, and/or satisfy any outstanding judgements, the Borough shall refuse to accept any additional applications for zoning, sign, land disturbance, building, plumbing, electrical and/or mechanical permit, subdivision land development applications, conditional use applications, or any other applications submitted to the Borough requiring the issuance of a permit or approval, including certificates of occupancy, until such time as all delinquent bills, invoices, fees, and/or judgments are paid in full or marked satisfied. The Borough shall not deny a permit to a Property Owner/Applicant if the permit is necessary to correct a code violation or to insure the health, safety, and welfare of the general public. Nor shall the Borough's permit denial apply to Property Owner/Applicant's delinquencies at issue if same are under appeal or otherwise contested through a court or administrative process per the MPC Section 503(3)(i).

#### Part 1 Subdivision and Land Development

The following costs are applicable to applications for Preliminary Subdivision and/or Land Development that have not been accepted as complete by the Borough prior to the adoption of this Fee Schedule.

A filing fee and escrow deposit are payable at the time of each application (sketch, preliminary and final). Separate checks shall be submitted by the applicant to cover the amounts identified. In general, the filing fee will reimburse the municipality for indirect, un-liquidated and overhead expense incurred during each review process for a particular application. The escrow deposit, established through the Professional Services Agreement, will be held, in an interest bearing account, and will only be utilized if the applicant does not pay the Invoices for the expenses of the Borough Council and/or the Planning Commission for advisory services. These services may include; paid administrative staff, engineering, legal, site design, traffic design, landscaping, street lighting and any other consultant necessary, at the opinion of the Borough Council and/or the Planning Commission, to properly examine the proposed Subdivision/Land Development Application. To any fees incurred by the Borough, the sum of fifteen percent (15%) shall be added as reimbursement to the Borough to cover administrative, overhead and other costs associated and incurred in processing the application and/or plan, and for the collection of such fees and their distribution.

Escrow amounts shall be established in accordance with this Resolution, all unused funds within the Escrow Account shall be returned to the applicant eighteen (18) months after completion of the project/development, or upon written cancellation of the project/development, upon approval by the Borough Council of the refund.

Fees shall be doubled for those Applications requiring or be permitted to have only a one step review and/or approval process. The Borough Council may, after consultation with the Township Engineer and Township Solicitor, reduce the Escrow amounts for Minor Non-Residential Land Development Applications.

In the event the applicant disputes the amount of any such expense in connection with the review of applications, reports and inspections of the improvements, the applicant shall within ten (10) days of the billing date, notify the Borough that such expenses are disputed as unreasonable or unnecessary, in which event the Borough shall not delay or disapprove a subdivision/land development application or any approval or permit related to the subdivision/land development due to the applicant's request over disputed fees.

In event that the Borough and the applicant cannot agree on the amount of the review fees which are reasonable and necessary, then the applicant and the Borough shall follow the procedure for dispute resolution set forth in 53 P.S. §10510(g), as amended; provided that the professionals resolving such dispute shall be of the same profession or discipline as the consultants whose fees are being disputed.

### A. Sketch Plan Fees

Filing FeeEscrow\*Sketch Plan\$0\$1500

There is no Application/Filing Fee associated with a Sketch Plan Application for Subdivision/Land Development. However, the applicant shall establish a Professional Services Agreement with the Borough for all costs incurred for engineering and legal fees incidental to the review of the Sketch Plan Application.

The Zoning Officer shall determine, at the time of the Preliminary Application, what classification a project is considered.

If a Final Plan for Subdivision/Land Development is submitted more than one (1) year after Conditional Approval of a Preliminary Plan, in addition to the applicable Final Plan Application Fees, an additional fee of one-half (1/2) of the fee for the Preliminary Plan shall be paid to the Borough.

\*All Escrow Fees identified above are associated with a Professional Services Agreement that is required to be established between the applicant and the Borough for all costs incurred for engineering and legal fees incidental to the review of any application indicated above.

All Fees and Escrows shall be paid to "Tullytown Borough". Two checks are required: one for the Application Fee and one for the Escrow Fee.

#### H. Professional Services Agreement

Nan Desidential Subdivision/Land Development Fo

At the time of the Preliminary and/or Final Application for Subdivision/Land Development the applicant shall execute a Professional Services Agreement with the Borough, a copy of which is attached hereto and adopted as a part of this Resolution.

The Agreement includes the establishment of an Escrow Account. The Escrow Account covers the expenses of the Borough Council and/or the Planning Commission for advisory services. These services may include; paid administrative staff, engineering, legal, site design, traffic design, landscaping, street lighting and any other consultant necessary, at the opinion of the Borough Council and/or the Planning Commission, to properly examine the proposed Subdivision/Land Development Application. Escrow amounts shall be established in accordance with this Resolution, all unused funds within the Escrow Account shall be returned to the applicant eighteen (18) months after completion of the project/development, or upon written cancellation of the project/development, upon approval by the Borough Council of the refund.

The Escrow Account funds shall be replenished to one hundred percent (100%) of the original amount within fifteen (15) days when the applicant is notified by the Borough that the funds are depleted to fifty percent (50%) of the original amount.

At the time of filing the Borough shall verify that the Application, Plans and The Professional Services Agreement are complete and all fees are paid and the escrow is established. All Subdivision/Land Development Applications are to be submitted to the Borough in person to the Borough Manager, no mail or courier deliveries of these applications will be accepted.

#### Part 3 Building Permit Applications

All Fees referenced within this section shall be doubled if the project is started without the applicable Permits and/or Approvals.

Gross Floor Area (GFA) – In association with the referenced fees, the Gross Floor Area shall be defined as the following; the total square feet of all floors within the perimeter of the outside walls, including basements, bays, cellars, attached garages, roofed patios, breezeways and covered walkways, halls, mechanical/utility areas, restrooms, stairs, stair towers, halls, covered decks and attics and crawl spaces having a minimum headroom of six feet (6'-0"). Attics and crawl spaces having minimum headroom of less than six feet (6'-0") are not included within the GFA.

Where Fees are calculated using Construction Costs the Borough reserves the right to require the Applicant to produce suitable evidence establishing the stated Construction Costs.

Use Groups - In association with the referenced fees, the Use Group designation is derived from the ICC International Building Code. R-3 refers to occupancies where the occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-4 or I. R-4 refers to buildings and structures for more than 5 but not more than 16 persons, excluding staff, who reside on a 24 hour basis in a supervised residential environment and receive custodial care. All other Use groups refers to the following Use Groups; A-1, A-2, A-3, A-4, A-5, B, E, F-1, F-2, H-1, H-2, H-3, H-4, H-5, I-1, I-2, I-3, I-4, M, R-1, R-2, S-1 and S-2.

All Permit Fees are due upon issuance of permits, <u>NOT</u> with the Permit Application; unless otherwise noted within this Resolution.

The Pennsylvania UCC Fee, as prescribed by the Pennsylvania Department of Labor and Industry, plus any Administrative Fee shall be added to all Building Permits.

All Building Permit Applications that propose a change to either the existing footprint or Use of any structure on the site in question shall be subject to a Zoning Permit and/or Land Development Approval, as required, and all other applicable Fees in addition to the Building Permit Fees.
