SUMMER 2023

Dover Township was honored to receive the 2023 Governor's Environmental Excellence Award for the Fox Run Floodplain Restoration in Eagle View Park!

Dover Township was presented the award at a dinner on April 25th by Department of Environmental Protection Secretary, Richard Negrin and Department of Conservation and Natural Resources Secretary, Cindy Dunn. Our project was one of 20 projects Statewide selected for this honor. Funding for the project was made available through DEP's Growing Greener Program and the York County Stormwater Consortium. The project provides pollution reduction of approximately 175 tons of sediment annually, created 5 acres of wetlands, and aids with flooding as well as the park's stormwater management requirements for the coming Eagle View Park Improvements. Additionally, the nutrient rich sediment removed from the stream was used to grade out the coming park amenities. The stream restoration has also brought a variety of birds and aquatic species back to the site. This project would not have been possible without the expertise of our project partners. Specifically, Land Studies (Design, Permitting and Construction Management), CS Davidson (Civil Engineering), YSM Landscape Architects (Park Master Planning, Design and Project Management), and Flyway Excavating, Inc. (Floodplain Restoration Site Work). Thank you so much for your hard work to make this project a reality and set the stage for Eagle View Park to be a unique experience for the entire community!

Public Meetings

Board of Supervisors

The Board of Supervisors will hold their regular meetings in the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 7:00 PM on the second (2nd) and fourth (4th) Mondays of the month. The Dover Township Board of Supervisors invites the public to attend.

Industrial & Commercial Development Committee

The Dover Township Industrial and Commercial Development Committee promotes industrial and commercial activities that will expand the greater Dover area tax base. Meetings are held at the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 4:00 PM on the fourth (4th) Wednesday of the month.

Planning Commission

The Dover Township Planning Commission is a five member Commission with one alternate member. The term of office is a five year staggered term. This Commission is an advisory body to the Board of Supervisors. The Authority is granted by the Municipal Planning Code of the Commonwealth of Pennsylvania. The local ordinance of control is the Subdivision and Land Development Plan of Dover Township and the Dover Township Comprehensive Plan. Meetings are held at the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 7:00 PM on the first (1st) Wednesday of the month.

Sewer Authority

The Dover Township Sewer Authority is the owner and financier of the Wastewater Treatment Facility, a regional facility, for Dover Township. The body is a five member, staggered term, Authority authorized by the Authorities Act of 1945 of the Commonwealth of Pennsylvania. It is a Non-Operating Authority due to a "Lease Back Agreement" of operation to the Township. Meetings are held at the Wastewater Treatment Plant, 851 Graffius Road, York, Pennsylvania, at 6:00 PM on the fourth (4th) Wednesday of the month.

Zoning Hearing Board

The Dover Township Zoning Hearing Board is a five member Board. This body is a Quasi Judicial Body whose authority is granted by the Municipal Planning Code of the Commonwealth of Pennsylvania. There is one alternate member. The term is a five year staggered term. Local authority and guide line of operational decision is established by the Dover Township Zoning Ordinance and the Dover Township Comprehensive Plan. Meetings are held at the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 7:00 PM on the third (3rd) Wednesday of the month **AS NEEDED**. Please check www.dovertownship.org for details and updates on scheduled meetings.

Stormwater Runoff Pollutes

The Conewago Creek and Little Conewago Creek serve as boundary lines for Dover Township. The two creeks are divided by a ridge of mountains that separates them into two drainage areas that both feed stormwater to the Susquehanna River and eventually the Chesapeake Bay. Proper management of stormwater is a federal, state, county, township and individual property owner responsibility.

What is Stormwater Management?

Stormwater is the result of precipitation and snow melt that runs off through streets, lawns, farms, and construction and industrial sites. Under normal conditions, stormwater is absorbed into the ground, filtered by the soil and replenishes our groundwater for our personal wells or the Dover Township Water System. It also flows over land to our streams and rivers. In developed areas of our community, like building roofs and pavement, rain water and snow melt isn't able to seep into the ground. These impervious surfaces cause the water to run into storm drains, sewer systems and drainage areas. This rush of water can damage infrastructure, cause flooding, and erode the ground. Unfiltered bacteria and pollutants can be carried in this stormwater into our streams, rivers and coastal waters. Common sources for stormwater pollution include: pet waste, leaves, grass clippings, detergents, fertilizers, oil and grease, and trash. Stormwater management is utilized to address these concerns through a variety of techniques, including site design, control measures for runoff, and purposeful landscaping.

What can you do?

- Keep pet waste, vehicle waste and grass clippings away from our storm drains.
- Clean up your pets waste.
- Use fertilizer sparingly.
- Plant trees along streams to help control erosion.
- Redirect your downspout onto lawn or natural areas or into rain barrels.
- Create a raingarden.

You can learn more about stormwater at www.dovertownship.org.

ANDOVER DEVELOPMENT ROADS

On April 24, 2023, at the regularly scheduled Board of Supervisors meeting. The Board of Supervisors approved the paving of the entire Andover Development. The contract was awarded to Recon Construction Services, LLC in the amount of \$1,192,620.00. This work will take place between June and August of 2023. If you should have any questions or concerns about this project, please contact Michael Fleming (PWD) at mfleming@dovertownship.org or Christopher Hamme (APWD) at chamme@dovertownship.org.

CLEARVIEW ROAD BRIDGE

CLEARVIEW ROAD BRIDGE IS IN THE PROCESS OF BEING REPLACED IN THE 5600 BLOCK OF CLEARVIEW ROAD. A SIGNED DETOUR WAS PLACED ON HARMONY GROVE ROAD DUE TO OTHER ANTICIPATED CONSTRUCTION PROJECTS ON YORK COUNTY AND PENNDOT BRIDGES. LOBAR SITE DEVELOPMENT IS REPLACING THE 74-YEAR-OLD BRIDGE AT AN ESTIMATED COST OF \$751,341. THIS IS THE THIRD OF TWELVE BRIDGES THAT THE TOWNSHIP HAS BUNDLED TOGETHER TO REPLACE OR UPGRADE WITHIN THE TOWNSHIP. DURING THE SUMMER MONTHS, MAINTENANCE UPGRADES WILL BE PERFORMED AT NINE OTHER LOCATIONS. CHECK THE TOWNSHIP WEBSITE FOR UPDATES ON THE CONSTRUCTION PROGRESS.

Grass Clippings

DOVER TOWNSHIP HAS A STORMWATER ORDINANCE IN PLACE TO HELP PROTECT THE WATERS OF PENNSYLVANIA. "CHAPTER 19 STORMWATER MANAGEMENT" ILLICIT DISCHARGE- ANY DISCHARGE TO A MUNICIPAL SEPARATE STORM SEWER THAT IS NOT COMPOSED ENTIRELY OF STORMWATER, EXCEPT NON-STORMWATER DISCHARGES AS DESCRIBED IN THE "DISCHARGES AUTHORIZED BY THIS GENERAL PERMIT" SECTION OF THIS GENERAL PERMIT. EXAMPLES OF ILLICIT DISCHARGES INCLUDE DUMPING OF MOTOR VEHICLE FLUIDS, HOUSEHOLD HAZARDOUS WASTES, GRASS CLIPPINGS, LEAF LITTER, ANIMAL WASTES, OR UNAUTHORIZED DISCHARGES OF SEWAGE, INDUSTRIAL WASTE, RESTAURANT WASTES, OR ANY OTHER NON-STORMWATER WASTE INTO A MUNICIPAL SEPARATE STORM SEWER SYSTEM. ILLICIT DISCHARGES CAN BE ACCIDENTAL OR INTENTIONAL. YARD WASTE DUMPED ALONG STREAM EDGES SUFFOCATES AND KILLS THE TREES AND SHRUBS THAT ARE CRITICAL FOR AVOIDING STREAM BANK EROSION. STORMS CAN EASILY WASH LAWN CLIPPINGS PILED IN THE FLOODPLAIN INTO THE STREAM. YARD WASTE CARRIES A HARMFUL EXCESS OF NUTRIENTS TO THE STREAM, WHICH IN TURN ROBS THE STREAM OF OXYGEN NEEDED BY FISH AND AQUATIC INSECTS. NOT TO MENTION, THIS COULD ALSO CAUSE FLOODING ISSUES. IT CAN BLOCK ANY PIPE, INLET, OR OUTLET STRUCTURE. THIS BLOCKAGE MAY CAUSE THE WATER TO BACK UP AND DAMAGE YOUR OR YOUR NEIGHBOR'S PROPERTY. IF YOU DO NOT MULCH YOUR GRASS CLIPPINGS, THE PHOTOS ABOVE ARE OTHER WAYS TO PROPERLY DISPOSE YOUR GRASS CLIPPINGS.

Northern York County Regional Police

Project Lifesaver

Project Lifesaver provides law enforcement with a program designed to protect, and when necessary, quickly locate individuals with cognitive disorders who are prone to the life threatening behavior of wandering. The necessity of this program was determined through the correlation between cognitive conditions and the act of wandering. The program has grown from a localized program to a program recognized internationally as a proven and effective method of "bringing loved ones home."

The method relies on proven radio technology and specially trained search and rescue teams. Citizens enrolled in Project Lifesaver wear a small transmitter on the wrist or ankle that emits an individualized frequency signal. If an enrolled client goes missing, the caregiver notifies their local Project Lifesaver agency, and a trained emergency team responds to the wanderer's area. The first responders will then use the client's individualized frequency to locate the position of the individual.

The Northern York County Regional Police Department has nine officers trained in the operation of the Project Lifesaver Program. Four of these officers are School Resource Officers.

If you are a Parent, Guardian or Caregiver of an individual that is at risk of wandering away and you feel they should be enrolled in the Project Lifesaver Program please visit www.nycrpd.org and complete the information on the Project Lifesaver Page located on the right side of the home page.

If you don't believe that your loved one is a wandering risk but would like to provide the NYCRPD with information about their at risk or special circumstances, please visit www.nycrpd.org and complete the information on the At Risk Individual / Special Circumstances Page located on the right side of the home page.

A message from Dover Area Ambulance Club

Warm weather is finally here, be sure to keep hydrated with water or Gatorade. Wear your sunscreen and protective clothing. Sit under an umbrella or in a shaded area when at outdoor events your skin will thank you!

FYI, When Dover Ambulance personnel arrive on a scene, the 2 or 3 EMT's will be wearing our orange polo shirts and if chilly a navy fleece jacket, and will disembark the ambulance.

We have badges that ID our staff. We do not arrive in personal vehicles. If a medic is necessary they will come in an SUV that is labeled Community Life Team or another ambulance. If you have people at your home before, during or after the incident offering to help or identifying as current or past Ambulance or Fire personnel please do not let them in your home. We arrive together and leave together.

See something, say something and call 911.

Do you have these 3 essential estate planning documents?

By: Tyler L. Lerman, CFP®, ChFC®, RICP®, CAP®, AIF®, CLTC®, NSSA®

Having a comprehensive estate plan is essential for individuals of all ages and backgrounds. This article examines three fundamental estate planning documents: the Last Will and Testament, the Advance Health Care Directive, and the Financial Power of Attorney. These crucial documents empower individuals to exercise control over their assets, healthcare decisions, and financial matters, ensuring their wishes are respected and providing protection for their loved ones.

1) A **Last Will & Testament** is a fundamental estate planning document that outlines an individual's wishes regarding the distribution of their assets after their death. Without a will, state laws determine how assets are distributed, potentially resulting in outcomes that do not align with the individual's intentions. By creating a will, individuals can designate beneficiaries, specify how assets should be distributed, and appoint an executor to oversee the process. A will also allows parents to name guardians for their minor children, ensuring their well-being and providing peace of mind. Having a Last Will & Testament not only preserves your legacy but also minimizes potential disputes and conflicts among family members, ensuring that your wishes are carried out.

2) An **Advanced Healthcare Directive**, also known as a living will or healthcare proxy, is a crucial document that allows individuals to make their health care preferences known in the event they become unable to communicate or make decisions. This document addresses important end-of-life decisions, such as life-sustaining treatments, resuscitation, pain management, and organ donation. By documenting these preferences, individuals ensure that their wishes are respected and reduce the burden on their loved ones during emotionally challenging times. Additionally, an Advance Healthcare Directive enables the appointment of a trusted healthcare agent who can make medical decisions on behalf of the individual, ensuring that their health care choices align with their values and beliefs.

3) A **Financial Power of Attorney** is a critical document that grants someone the authority to manage an individual's financial affairs if they become incapacitated or unable to handle financial matters themselves. This document allows individuals to designate a trusted person as their agent, who can handle financial responsibilities such as bill payments,

managing investments, and accessing bank accounts. By appointing a Financial Power of Attorney, individuals ensure that their financial interests are protected, bills are paid on time, and investment strategies are maintained. This document provides a seamless transition of financial management in the event of incapacity, eliminating potential financial difficulties and ensuring that one's financial affairs are handled according to their best interests.
